

Penang

A well-equipped residential home for adults with learning disabilities, located in the heart of St Leonards, East Sussex.

- **Six bedroom home**
- **Focus on independence and the ongoing development of domestic and social skills**

Located in the residential heart of St Leonards, East Sussex, Penang is a home for up to six people with learning disabilities. The home is a prominent Victorian house dating from the early 1900's that offers an excellent range of facilities.

Each service user has their own keyworker who is responsible for the day-to-day needs of the individual and acts as the co-ordinator for the overall support structure. The keyworker develops an Individual Service User Plan for each person, which are reviewed on a regular basis. Penang's service users have many different activities built into their individual care programmes and the service users are actively encouraged and supported to be as independent as possible by learning many domestic and social skills.

NVQ training is provided to all staff members to ensure they are fully competent in all aspects of care, and the home is run smoothly and efficiently whilst maintaining the feeling of a welcoming home.

Penang offers well planned living accommodation with spacious living and dining rooms, plus a well-equipped kitchen.

The home is close to all local amenities with Hastings town centre within walking distance, which provides excellent bus and train links. The home is within easy access to community facilities, the local supermarket, shops, restaurants, library and leisure activities including swimming and bowling. It is also located in close proximity to Hastings seafront.

There are plenty of things to see and do nearby including; Battle Abbey, colleges in Hastings, local fishing villages and the Sea-Life Centre.
